

Friday Oct. 2 Phoenix Hall

Japan Korea conjoint session in rhinology

10:00~11:30

Chair : Heung-Man Lee (Korea University), Keisuke Masuyama (山梨大学)

1. T helper 1 (T_H1), Th2, and Th17 cytokine-profiles during long-term sublingual immunotherapy for Japanese cedar pollinosis.
Takechiyo Yamada (Department of Otorhinolaryngology, University of Fukui, Japan)
2. Preoperative Assessments for Sinonasal Inverted Papilloma
Yuji Nakamaru (Department Otolaryngology Head and Neck Surgery Hokkaido University School of Medicine)
3. Technical Advancements in Sinonasal Surgery
Chang-Hoon Kim (Yonsei University College of Medicine)
4. Olfactory event-related potentials: normative data in Koreans
Jae Hoon Cho (Konkuk University School of Medicine)

Friday Oct. 2 Phoenix Hall

Special lecture by the KRS President

11:30~12:00

Tissue remodelling in upper airway; epigenetic regulation

Chair : Katsuhiro Hirakawa (広島大学)

Heung-Man Lee (The President of Korean Rhinologic Society / Korea University College of Medicine)

Friday Oct. 2 Phoenix Hall

International Special Lecture 1

14:30~15:30

1. CSF leak closure—When and How?
2. Contemporary Management of Nasal Polyposis.
3. The Watery eye—How to manage and What is the Evidence?

Chair : Shinichi Haruna (獨協医科大学)

Raymond Sacks (Dept ORL, Head & Neck Surgery-Macquarie University / University of Sydney)

Saturday Oct. 3 Phoenix Hall
International Special Lecture 2

11:00~12:00

sponsored by Medtronic

Evolution of endoscopic surgery of the ventral skull base.

Chair : Hiroshi Moriyama (東京慈恵会医科大学 名誉教授)
Richard J Harvey (Rhinology & Skull Base Surgery, University of New South Wales & St Vincent s Hospitals / Macquarie University)

Saturday Oct. 3 Phoenix Hall
International Session 1

14:00~14:45

Moderator: : Nobuo Ota (山形市立病院済生館), Sachio Takeno (広島大学)

1. Posterior nasal neurectomy in Hiroshima
Kazunori Kubota (Department of Otorhinolaryngology, Head and Neck Surgery, Hiroshima University)
2. Recent advances in management of allergic rhinitis in Egypt
M A Ragaee (Department of Otorhinolaryngology, Assiut University, Faculty of Medicine, Assiut, Egypt)
3. The Epidemiology of Chronic Rhinosinusitis and Allergic Rhinitis in Indonesia
Abdul Kadir (Dr. Wahidin Sudirohusodo Hospital Makassar)

Saturday Oct. 3 Phoenix Hall
International Session 2

14:45~15:50

Moderator: : Takeshi Simizu (滋賀医科大学), Chang-Hoon Kim (Yonsei University College of Medicine)

1. The expression of CST1 in eosinophilic chronic rhinosinusitis
Yukinori Kato (Departments of Otorhinolaryngology Head and Neck Surgery, Faculty of Medical Sciences, University of Fukui, Japan)
2. Regulatory effect of TLR3 signaling on staphylococcal enterotoxin-induced eosinophilia-associated cytokine production by nasal polyps
Takaya Higaki (Department of Otolaryngology-Head & Neck Surgery, Okayama University School of Medicine, Dentistry and Pharmaceutical Sciences, Okayama, Japan)
3. A recently established murine model of nasal polyps: similarities and differences with human nasal polyps
Dong-Young Kim (Seoul National University College of Medicine, Seoul, Korea)
4. Obesity & Inflammatory Airway Diseases: Roles of Mucin Gene as a Connecting Link
Yong-Dae Kim (Department of Otorhinolaryngology-Head and Neck surgery, College of Medicine, Yeungnam University, Daegu, Republic of Korea / Regional Center for Respiratory Diseases, Yeungnam University Medical Center, Daegu, Republic of Korea)

Moderator: : Hideyuki Kawauchi (島根大学), Mitsuhiro Okano (岡山大学)

1. **Shifting concepts for surgery in CRS: from ventilation to access for topical therapy**
Richard J Harvey (Rhinology & Skull Base Surgery, University of New South Wales & St Vincent's Hospitals / Macquarie University)
2. **Role of ESS in sinonasal papillomas**
BS Gendeh (Department of ORL-HNS, National University Malaysia Medical Center, Kuala Lumpur, MALAYSIA)
3. **SCUAD in adult and pediatric population.**
Emmanuel Prokopakis (Department of Otorhinolaryngology, University of Crete, Faculty of Medicine, Crete, GREECE)
4. **The importance of local eosinophilia in the surgical outcome of chronic rhinosinusitis: a 3-year prospective observational study**
Stephan Vlaminck (Department of Otorhinolaryngology, AZ St-Johns Hospital, Bruges, Belgium)
